

Janashakthi Insurance PLC
Interim Condensed Financial Statements
For the 3rd Quarter Ended 30 September 2026

JANASHAKTHI INSURANCE PLC

Management Review - Interim Financial Statements for the nine months ended 30th September

Janashakthi Insurance PLC's Gross Written Premium (GWP) increased to LKR.7,424 million recording an impressive increase of 20.9% compared to the same period last year outperforming the industry. Profit before tax (PBT) however was LKR 391.1 million with a PAT of LKR. 158.3 million before surplus transfer which will be done at the end of the financial year.

The conflict in the Middle East has heightened economic uncertainty, with implications for energy costs, inflation and currency stability. The Central Bank of Sri Lanka raised the Overnight Policy Rate by 100 basis points to 8.75% in May 2026, and yields on government bonds rose further during the third quarter, while the All Share Price Index fell 6.5%.

These movements are reflected in the investment results: investment income declined 6.7% to LKR 2,448.9 million; fair value movements were a loss of LKR 374.1 million against a gain of LKR 1,545.8 million, and realised losses were LKR 4.1 million against a gain of LKR 38.9 million. The Company's investment in First Capital Holding PLC, whose primary dealing business holds a government securities portfolio, did not meet the expectation, resulting in a loss of LKR 424.2 million against a profit of LKR 1,014.4 million in the same period in 2025.

Market conditions have improved since the quarter end. After rising further in October, government bond yields eased in November, and most maturities are now trading close to their 30 September levels; the All Share Price Index had risen 5.9% by 11 November. The Company's investment portfolio and the primary dealing business of First Capital Holdings PLC are both sensitive to these movements.

In the insurance business, first year and renewal premiums rose 21.3% and 19.9% to LKR 5,048.5 million and LKR 2,375.5 million respectively. Net benefits and claims rose 37.8% to LKR 3,587.1 million over the nine months, and 32.7% in the third quarter. Acquisition costs were well managed irrespective of increase in Gross Written Premium within nine months to reach 28.1% of GWP compared to 28.5% of GWP in 9 months 2025 Administrative expenses fell from 19.8% in the 9 months of 2025 to 18.3%;

Total assets grew to LKR 40.8 billion during the year from LKR 40.3 billion as at end December 2025. Company's market capitalization remains at 25.4 billion which is a 1.51x to net book value despite the turbulent market conditions.

The interim financial statements remain under SLFRS 4 and LKAS 39, without applying SLFRS 9, under the interim relief described in Note 5. Note 24 presents the Company's high level assessment of SLFRS 9 and SLFRS 17.

9. Income Tax Expense

The Income Tax for the period was computed in accordance with the provisions of the Inland Revenue Act, No. 24 of 2017 and the Company has calculated the Income Tax Expense in accordance with this Act.

10. Restricted Regulatory Reserve

The Insurance Regulatory Commission of Sri Lanka (IRCSL) implemented the Risk Based Capital (RBC) regime for insurers of Sri Lanka with effect from 1 January 2016. Accordingly, the policy liability valuation methodology transitioned from Net Premium Valuation (NPV) methodology to Gross Premium Valuation (GPV) methodology. This regime change resulted in reduction in policy liabilities leading to a significant increase in surplus, which was termed "One-off unallocated surplus". As per the IRCSL recommendations this surplus was quantified and held within the life fund up to 31 December 2016. In 2017 with the approval of the IRCSL the one-off surplus was transferred to the shareholders fund.

The distribution of the one-off surplus to shareholders, held as part of the Restricted Regulatory Reserve, is subject to meeting governance requirements stipulated by the Insurance Regulatory Commission of Sri Lanka (IRCSL) and can only be released upon receiving approval from the IRCSL. The one-off surplus in the Shareholder Fund (SHF) will remain invested in financial assets as per the direction of IRCSL. As of 30th September 2026 the company has met governance requirements as per IRCSL.
